NOTES- Please read before claiming:

- Record claims are not restricted to scores shot at Record Status Tournaments. However, scores will only be eligible if they are shot at an officially recognised tournament where more than one club is present and GNAS/Archery GB tournament Rules are observed.
- Rounds eligible for County Records are based on those eligible for British National Records. Claimants should consult the County website for a complete list of rounds that can be considered for County Records.
- The same rules as laid down for National Records will apply to County Records in respect of nested rounds and single rounds shot as part of double rounds. (See GNAS/AGB Rules of Shooting.)
- All sections of this form must be completed in full for the claim to be considered.
- When claiming records please put the correct and complete round name.
 - For Clout rounds this should include the distance shot.
 - For Field rounds this should include the peg colour.
- Under 18's must shoot the round appropriate to their gender and age.
- Over 18's may not claim Junior round records.
- Archers over 50 may only claim Masters Records for those rounds shown on the County website.
- An official result sheet must be provided for all claims.
- Please use separate forms for each Record claimed.
- All Records must be claimed within one year of the date of the shoot at which the score was shot.
- If you think you have broken a County Record it is up to you to claim it. The County Records Officer is not obliged to actively search for new Record scores.

DATA PROTECTION

- For the purposes of keeping County Records archers should be aware that the following details will be published:
Archer's Name, Bowstyle, Club, Gender, Age category, the name of the tournament where the Record was shot and the date.
- Record certificates will be produced annually and presented at the Association's Annual General Meeting.
- Old Record scores will be archived for historical purposes and may be published.
- In addition, this claim form and any related correspondence will be kept by Cheshire Archery Association as evidence of the original claim for as long as is deemed necessary.

DECLARATION - I agree to Cheshire Archery Association using the data I have given on the terms listed above.
